A.A.O.N.M.S. 88TH IMPERIAL COUNCIL SESSION, INC.

TORONTO, JULY 1-6, 1962—SPECIAL EDITION

COUNT THE DOORS

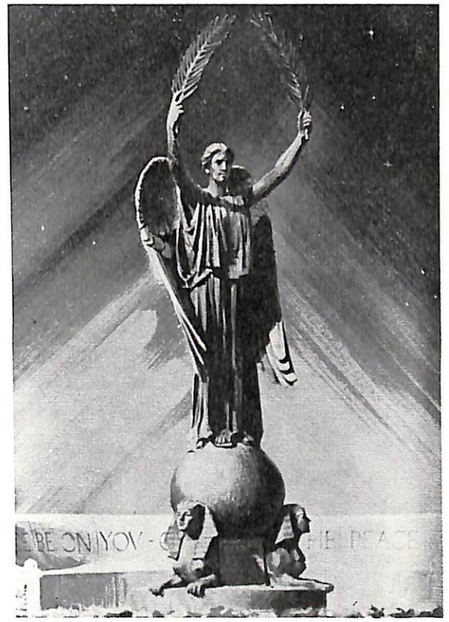
Four doors mean you walk into the rear seat compartment of a Lincoln Continental convertible instead of climbing around the front seat. Please notice, too, how the rear doors open—from the center—to provide you with a wider entrance. This is one of the reasons the Lincoln Continental may be called the only luxury convertible in America.

Interior spaciousness is another reason. On the Lincoln Continental the convertible top disappears beneath the rear deck without stealing a single inch of seating room. This, therefore, is the one convertible that has a rear seat large enough for three large passengers... with seven to ten inches more hip room than comparable convertibles.

For this is the Continental concept: to achieve as perfect a luxury automobile as possible. But luxury is only one of many qualities you find in this great motorcar—others are: timeless, classic styling, and unsurpassed quality of manufacture. As a matter of fact, special gages and test equipment had to be developed to meet the exacting quality standards. The result is America's finest automobile, the Lincoln Continental for 1962. It is your wisest investment in tomorrow, warranted for twice as long as any other American car (two full years or 24,000 miles).

LINCOLN CONTINENTAL

Ford Motor Company of Canada Limited Ford



"Peace be on you" and "On you be the Peace"

In your host city of Toronto and well worth a visit, stands the beautiful Shrine Peace Monument shown on the cover of this souvenir program.

Perhaps nothing more fittingly symbolizes the truly spiritual concept of Masonry and the essential kinship of this great Shrine Convention of 1962.

For here is an inspiring tribute to international peace and goodwill, not only commemorating the more than 150 years of mutual friendship and respect between our great neighbours, but also honoring all those who "passed by the path of duty to immortality in the noble cause of peace."

This beautifully executed representation of the Angel of Peace holding sway over the earth, on a base featuring the ancient Arabic symbols of the Mystic Shrine, is an outstanding example of the work of the noted American Sculptor Charles Keck who was also a noble of Kismet Temple, Brooklyn.

Dramatically located on a commanding site in Exhibition Park, overlooking the lake and the friendliest border in the world, this Shrine Peace Monument, was erected so as to face the exact center of the mouth of the Niagara River. Presented as a gift of the Imperial Council to the City of Toronto, by Imperial Potentate Les V. Youngworth, it perpetuates the memory of a cherished gesture and a great leader and also emphasizes the truly international aims and achievements of a world-wide brotherhood dedicated to the betterment of the human lot.

The unveiling and dedication of the Shrine Peace Monument in an impressive ceremony attended by Shrine Notables and civic leaders, was the highlight of the Memorable 1930 Convention. In this gracious compliment to a Host City, there was all the significance of an inspired tribute to men of goodwill. To the world of 1962 it stands as a "statement of faith" echoed by Shriners everywhere.

JOHN G. DIEFENBAKER *Prime Minister of Canada*

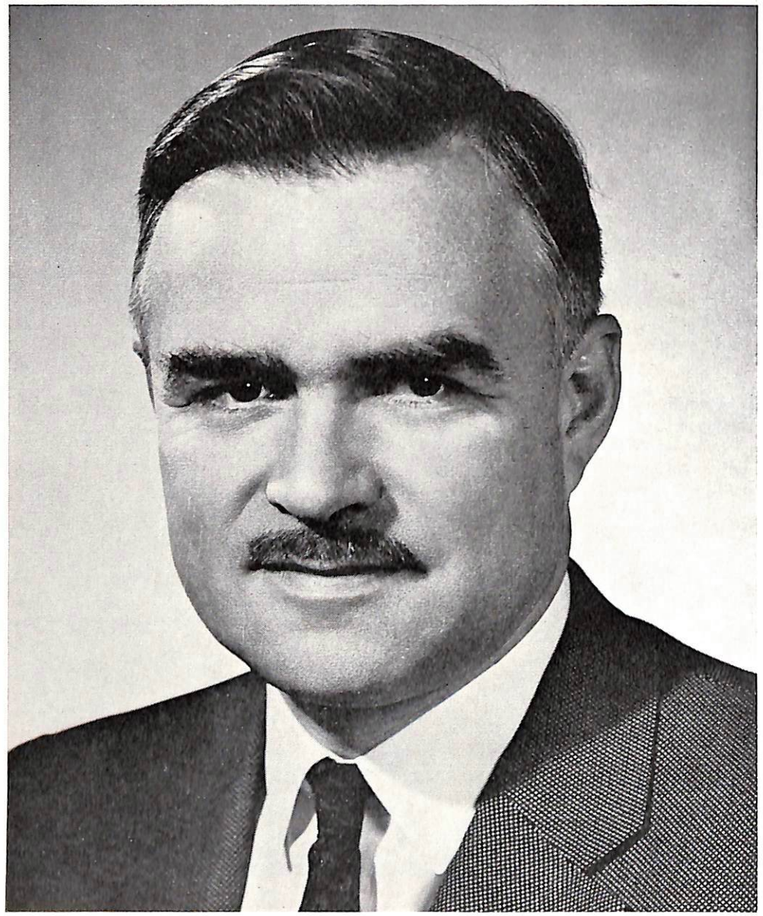
CANADA
PRIME MINISTER — PREMIER MINISTRE

On behalf of the Government and people of Canada I extend the warmest of welcomes to all in attendance at this great Convention. The presence of such a large number of members of the Shrine from all parts of Canada and the United States of America is further evidence of the sincere friendship, close ties and similarity of interest of the peoples of our two countries. Indeed that concord is exemplified by the devotion of the Shrine to the abiding causes of peace and freedom and to the practice of true humanitarianism.

My hope is that the unity of purpose of our countries will be enhanced by the fellowship of this international gathering.

Prime Minister of Canada.

O t t a w a
1 9 6 2.



JOHN P. ROBARTS

Prime Minister of Ontario

ONTARIO

OFFICE OF

THE PRIME MINISTER & PRESIDENT OF THE COUNCIL

Toronto, Ontario.
June 30, 1962.

Imperial Sir,

It is indeed a great privilege and pleasure to join with our hosts, and all Ontario Nobles, in sincerely welcoming all who attend the 88th Annual Session of the Ancient Order of the Nobles of the Mystic Shrine for North America.

The many humanitarian deeds which are traditional with your organization, combined with the true and obviously sincere spirit of international comradeship which prevails among your members, have established your organization among the greatest of all forces throughout the world. You demonstrate the true spirit of democracy in action, the final proof being sympathy and understanding, and unselfish extension of mutual assistance. Your Shriners' Hospitals for Crippled Children are noteworthy examples.

It is, therefore, a matter of great pride and satisfaction that your most worthy organization has selected for your 88th Annual Session the City of Toronto, capital of the Province of Ontario.

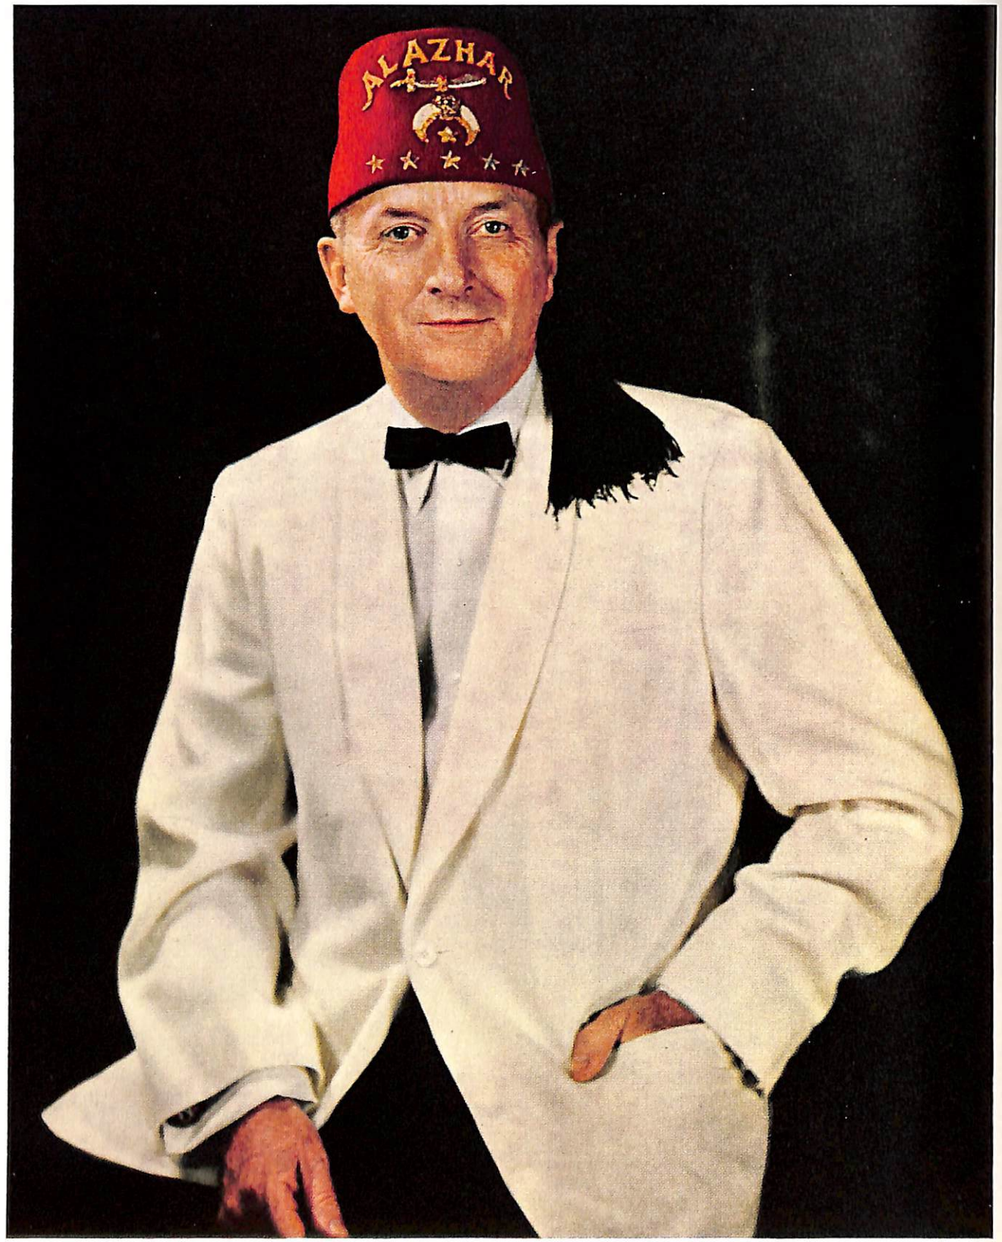
I know that your immediate hosts and all residents of Metropolitan Toronto are happy to share their convention facilities and visitor attractions with you all. May I take this opportunity, on behalf of all Ontarians, to cordially invite you to linger awhile and get to know Ontario better by using our vast network of highways, railways and airways to travel about and enjoy the many facilities and scenic attractions, which combine to make this province Canada's most popular variety vacationland.

Sincerely yours,

John P. Robarts

John P. Robarts,
Prime Minister of Ontario.

Justice Marshall M. Porter,
Imperial Potentate,
A.A.O.N.M.S.



MARSHALL M. PORTER *Imperial Potentate*

Nobles of The Mystic Shrine for North America:

I welcome you to Toronto to the Session of the Imperial Council of the Shrine outlined in this program.

I think you will hear reports of very real progress and plans for a future that will make you proud.

Canadians everywhere will welcome you. I am sure that each of you will leave the citizens of Toronto very happy that you have come to enjoy their fine city and their hospitality.

Galloway Calhoun

AUGUST 22, 1894 — APRIL 16, 1962

In the belief that the lives of great men serve to inspire us, reviewed for you is the life of Galloway Calhoun, a beloved benefactor of mankind, distinguished among the greatest. His illustrious career was a brilliant light down the pathway of service.

A lawyer by profession, in early manhood serving spectacularly as District Attorney and as First Assistant Attorney General of Texas for many years, he served with distinction in private practice.

For service to his home city — Tyler, Texas — he received an award as its Most Outstanding Citizen.

As a consecrated churchman, serving the church locally and nationally in its highest offices, he taught one of the largest men's Sunday School classes in Methodism with services broadcast, and he spoke extensively in leading churches throughout America.

Active in public affairs, he was often importuned to seek high office but preferred to remain in private practice. He was tendered an Ambassadorship from the United States to a foreign country, but declined.

Honored with degrees of Doctor of Laws from three Universities and Doctor of Humanities from one University, he was listed in Who's Who in America, Who's Who in Law and Who's Who in Methodism.

He was a 33° Mason, one of a very limited number to hold the Grand Cross of the Ancient Accepted Scottish Rite, Past Grand Master of Masons in Texas, Past Grand Sovereign of the Red Cross of Constantine for the United States, Mexico and the Philippines, and Past Imperial Potentate of The Shrine for North America.

He was President of the corporation and Chairman of the Board of Trustees, Shriners Hospitals for Crippled Children, guiding the destiny of the world's greatest philanthropy.

And so his thoughts were those of a brother's keeper, and his life a reflection of The Light of the World.

the "Other Side" of the medal

Banners, bands, colourful regalia and marching Nobles all these add to the fun and the excitement of the Parade when the "Shriners" come to town. But behind the gay facade, there's the "other side of the medal", summed up in the heartbreak and happiness expressed in the inspiring record of the seventeen Shrine hospitals for Crippled Children in the United States, Canada and Mexico.

Statistics, facts and figures, can only give some idea of the scope and magnitude of what has been truly termed "the greatest Philanthropy in the world".

Suffice to say that it is a dedicated effort, shared with pride by Shrine Temples on both sides of the Border. To the doctors, nurses and technicians, who bring the gifts of skill and healing to crippled and handicapped children and who reap the priceless rewards of seeing patient little sufferers restored to health and the full joy of useful living, these Shrine Hospitals symbolize an investment in hope and a continuing inspiration to all those who would seek a worthy cause for unselfish giving and service.

That they exist at all is in no small part, a tribute to the great heart and vision of past Imperial Potentate Freeland Kendrick, who when he attained that high office in 1919 saw the need and the opportunity for the fulfillment of a cherished dream.

Imperial Potentate Freeland Kendrick, was a natural leader, a Shriner, and a showman. Being all three, he found little trouble in winning others to the cause, notably Philip D. Gordon of Karnak Temple, Montreal. It is all recorded for posterity in the formal wording of a resolution presented by Gordon at the 1919 session of the Imperial Council in Indianapolis.

Linked with Kendrick and Gordon is the name of Doctor Michael Hoke, an inspired doctor and surgeon who at Wesley Memorial Hospital (now Emory University Hospital) in Atlanta, Georgia, gave free treatment to crippled children, and who wherever he went, sought aid to provide more beds for crippled children.

It is just forty years ago that the First Shrine Hospital for crippled children was opened in Shreveport, Louisiana, on September 16, 1922.

Today, Shrine Hospitals have treated and healed more than 250,000 crippled children with a capital investment in plant and equipment exceeding $96,000,000.00 and an annual budget for operation and maintenance of approximately $6,500,000. But who can put a price tag for value received on the 5,000 children who every year are healed or materially helped in Shrine Hospitals, children in need of care, especially those whose parents are unable to pay for treatment.

Viewed in this light the $75,000,000.00 spent from the beginning, in maintaining and running these hospitals, money raised by Shriners individual and annual assessment of $5.00, by income from investments, by permanent hospital life memberships, by voluntary hospital life memberships, by wills and bequests, by Shrine activities, by gifts and contributions from Shriners and non Shriners alike, is money well spent in a sacred trust.

Today, Shrine Hospitals for crippled children in the U.S.A., Canada and Mexico are operated by a National Board of Trustees. In addition local Boards of Governors and the Nobility of the Order donate their time and their financial contributions and are responsible to the trustees for the affairs and the well-being of individual Shrine hospitals.

TORONTO

April 10, 1962.

GREETINGS TO THE OFFICERS AND DELEGATES
TO THE 1962 IMPERIAL COUNCIL SESSION OF THE
ANCIENT ARABIC ORDER OF NOBLES OF THE MYSTIC SHRINE
JUNE 30TH TO JULY 6TH, 1962.

As Mayor of the City of Toronto I extend a warm and sincere greeting to the Officers and members of the Ancient Arabic Order of Nobles of the Mystic Shrine as you gather here for the 1962 Imperial Council Session. Not since the year 1930 have we had the pleasure of welcoming the Shrine to this City.

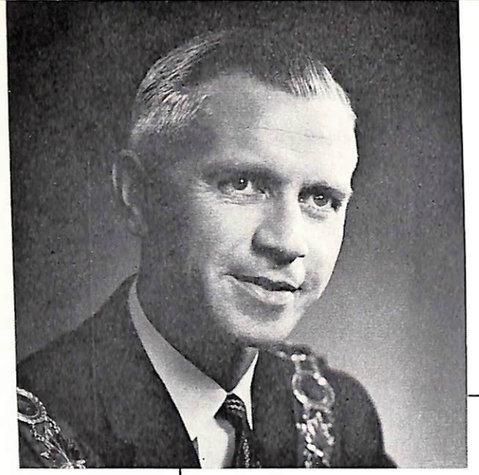
Toronto's history dates back almost three hundred years, when the site was the end of the most important of the Indian trails connecting Lake Huron and Lake Ontario. Strategically situated as the hub of an area within a radius of one hundred miles, in which is concentrated one-third of the buying power of the Canadian Market, Toronto has experienced unprecedented growth and expansion, making it one of the fastest growing cities on the Continent.

Recognized as a centre of education, art and culture, Toronto is also a vast manufacturing community and a leading convention and tourist city, and visitors from every part of Canada and the United States seek out and enjoy the many attractions we have to offer.

It is my hope that the 1962 Imperial Council Session will be outstanding, and that the unfailing courtesy and hospitality of our people will be yours in fullest measure.

Nathan Phillips

Mayor.



WILLIAM R. ALLEN, Q.C.
CHAIRMAN

ROOM 203, CITY HALL
TORONTO, CANADA

To the Imperial Council and
Visiting Nobles, Ancient Arabic
Order Nobles of the Mystic Shrine.

Greetings:

As Chairman of the Council of The Municipality of Metropolitan Toronto, I am happy on behalf of the Members of Council and citizens to extend advanced greetings, a sincere welcome, and the hope that your stay with us will, as in the past, be enjoyed and remembered for many years to come.

Metropolitan Toronto is proud of the fact that you have chosen this area for the holding of this your 88th Imperial Council Session and we are equally proud of your great work with the underprivileged, crippled children, your high ideals of citizenship and service, and above all, your happy fellowship which emphasizes the kinship with good neighbours from across Canada, the United States and Mexico.

It is my hope that you will take time off from a busy schedule to sample all that Metropolitan Toronto has to offer in cultural attractions, historical interest and varied entertainment.

As you will appreciate, there have been many dramatic changes due to the expansion and development of our Metropolitan area since the memorable Shrine Convention of 1930, but today, as then, you will find the same genuine wish for your well being and the assurance that everything possible has been done to enable you to take back with you memories of a successful Convention and a happy visit.

With good wishes and sincere personal regards, I am,

Yours sincerely,

Compliments of
METROPOLITAN TORONTO COUNCIL, 1962

IMPERIAL COUNCIL SESSION, INC.

Room 052, Royal York Hotel, Toronto, Canada • Phone: 368-3330

Welcome Nobles to Toronto

The Queen City of Canada

The Members of the 1962 Imperial Council Session Corporation, Convention Committees, and staff of the Director General's office, extend to you sincere greetings.

July 1st to the 6th, 1962, designated by Toronto as "Shrine Week", brings to a reality the holding of our 1962 Imperial Council Session and with it an anticipated reward for many months of careful planning by the Shrine Corporation and Convention Committees.

We as Members of your Host Temple (Rameses) and as citizens of this great Metropolitan Area, are naturally proud in the fact that Toronto, the Queen City of Canada, has been chosen as the locale for this important international event and nothing has been left undone to ensure its success.

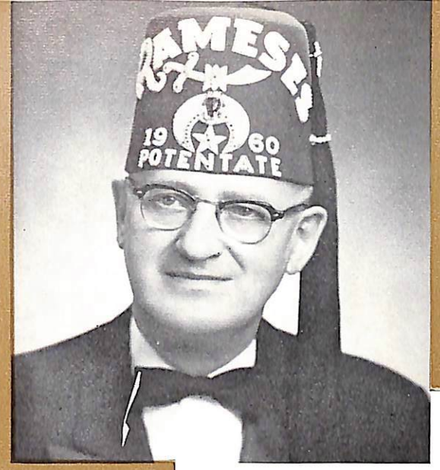
It is our hope that you will avail yourself of this great opportunity that awaits you to meet old friends and in addition make new friends as you receive the truly warm welcome Toronto citizens always extend to Honoured Guests. There is much to see and much to do in the full program that has been planned for you and your ladies.

As we meet and work together in the common cause for the greater achievements of our great brotherhood let us also enjoy together the fun and the fellowship that is always present in Shrine gatherings.

Make yourself at home. Toronto is yours, July 1st to July 6th, 1962.

AJB/bs

A.J.B. Gray,
Director General.



EIGHTY-EIGHTH ANNUAL SESSION ★ ANCIENT ARABIC ORDER
OF THE NOBLES OF THE MYSTIC SHRINE FOR NORTH AMERICA

1962
IMPERIAL COUNCIL SESSION, INC.

Room 052, Royal York Hotel, Toronto, Canada • Phone: 368-3330

To the Nobles of the Mystic Shrine:

I am happy to share in this widespread and heartfelt welcome to Shrine brothers. This 1962 Convention marks yet another milestone in a long and proud history and we are all set to make it another colourful and happy birthday.

In the age of the jet plane and the atomic bomb, the precious ties that bind us, the high ideals of the Mystic Shrine, become even more rewarding as we measure our achievements in shared effort for the common good.

To good friends from the United States and many parts of Canada a tip -- Toronto is not only Yonge Street, covers a lot of territory, is well worth exploring, offers many delightful surprises. Take a ride on our subway!

May your visit be happy and fruitful and may you enjoy every minute.

We look forward to a great session.

Best Wishes,

JB/bs

Jas. Bartlett,
Deputy Director General.

Rameses Temple Divan

TO ALL NOBLES of A.A.O.N.M.S.

The privilege and honour of being host to the Nobles of the Ancient Arabic Order of Nobles of the Mystic Shrine is limited to a very few Temples. The Officers and Nobles of Rameses Temple greatly appreciate the honour which is theirs this year. Every effort will be made to make your stay with us something you will always remember. The City of Toronto, Province of Ontario and the Dominion of Canada open the door of true hospitality to all visiting Nobles and hope your stay with us will be most enjoyable.

We would extend a very special welcome to the ladies, families generally, and friends of all visiting Nobles. Their presence lends grace and increases the pleasure we have in this great convention. We hope they will all have a most happy time and one that will be long remembered. Our special wish, indeed, is that you all may have a very good time. This will repay us for any effort expended in the preparations for this Imperial Council Session.

So, again, on behalf all Nobles of Rameses, I welcome you and hope you enjoy the best of health and happiness while you are with us.

SHOWPLACE OF TORONTO

The O'Keefe Centre for the Performing Arts

Mecca for Toronto theatre-goers and visitors from all parts of Canada and the United States, the O'Keefe Centre situated on Front and Yonge Streets in downtown Toronto, is a revelation of the most advanced ideas in functional design and construction.

This beautiful theatre, created at a cost of $12,-000,000. as a multi-purpose entertainment centre, operates as a non profit enterprise answering the need for a centre of the cultural arts appropriate to a metropolis of a million and a half population.

Here the latest Broadway Shows, International Companies and the finest Canadian Attractions, together with Symphony Concerts, Art Exhibitions and special star performances by world famous names of the stage and concert hall, are presented on a subscription basis to regular theatre-goers as well as being sold to the general public.

And Toronto has taken the O'Keefe Centre to its heart as evidenced by the fact that since its opening on October 1st, 1960, well over 50% of the available accommodation has been taken up by subscribers.

The O'Keefe Centre welcomes the visitor with an overall impression of spaciousness and harmonious design. Through an emphasis on life and colour plus a highly imaginative use of building materials, the architects and engineers have contrived a grace and lightness, completely interpretive of its major function and purpose. This impression is strengthened as one passes through the wide entrance portals to the main lobby opening into lounge areas flanking the auditorium on three levels. Dominating the main lounge, the eye is drawn to the 100 foot mural presenting a panorama of the "Seven Lively Arts through the Ages" and painted by the well known Canadian artist R. York Wilson, R.C.A., O.S.A.

Total seating capacity is 3,200 with a 1,000 seat balcony and a 2,200 seat raked main floor so designed that no patron is further than 124 feet from the stage. The spacious stage, incorporating the very latest developments in dramatic lighting is equally adaptable to full scale musicals and dramatic presentations or intimate reviews and encompasses an area of 128 feet by 60 feet with a 60' x 30' proscenium arch.

Accoustics are remarkable and the Centre also embodies complete facilities for radio and television broadcasting.

Toronto is justly proud of the O'Keefe Centre which presents its own special welcome to Shriners and other distinguished visitors.

O'KEEFE CENTRE
HOLIDAY THEATRE

GUYS & DOLLS
JUNE 18th—July 7th

O'KEEFE CENTRE is holding this outstanding musical "GUYS AND DOLLS" over especially for the week of the Shrine Convention, and have changed the matinee which is normally on Wednesday to Monday to meet the Imperial Council Session's requirements.

Once a man has driven a new Cadillac,
it is difficult for him to find contentment
at the wheel of any other motor car.

VISIT YOUR LOCAL AUTHORIZED CADILLAC DEALER

WELCOME TO EXHIBITION PARK!

On this three hundred and fifty acre site on the shores of Lake Ontario is held the world's largest annual exhibition — The Canadian National Exhibition. For two weeks some three million visitors from all over the North American Continent and from overseas pour into these grounds to enjoy the excitement we have to offer.

Everything of the moment is here. You name it and we have it. From fashions to flowers; from farm equipment to the largest display of agricultural wealth under one roof in the world; from automobiles to television sets; from horse shows to antique cars; from sports events to the thrilling spectacle of an International Air Show. The fabulous Mile of Midway has dozens of side shows and hundreds of rides for the thrill seekers. During the afternoon there is a special childrens' attraction in the Grandstand and at night this show makes way for a spectacular extravaganza — The Evening Grandstand Show, which plays to 22,000 people nightly.

The first Canadian National Exhibition was held in 1879 and now, in 1962, the 84th Exhibition will open on Friday, August 17th. Why don't you make it a point to return to Toronto and join us in all the fun of the fair.

WELCOME SHRINERS TO THE PORT OF TORONTO

THE ST. LAWRENCE SEAWAY

Toronto's Gateway to the World

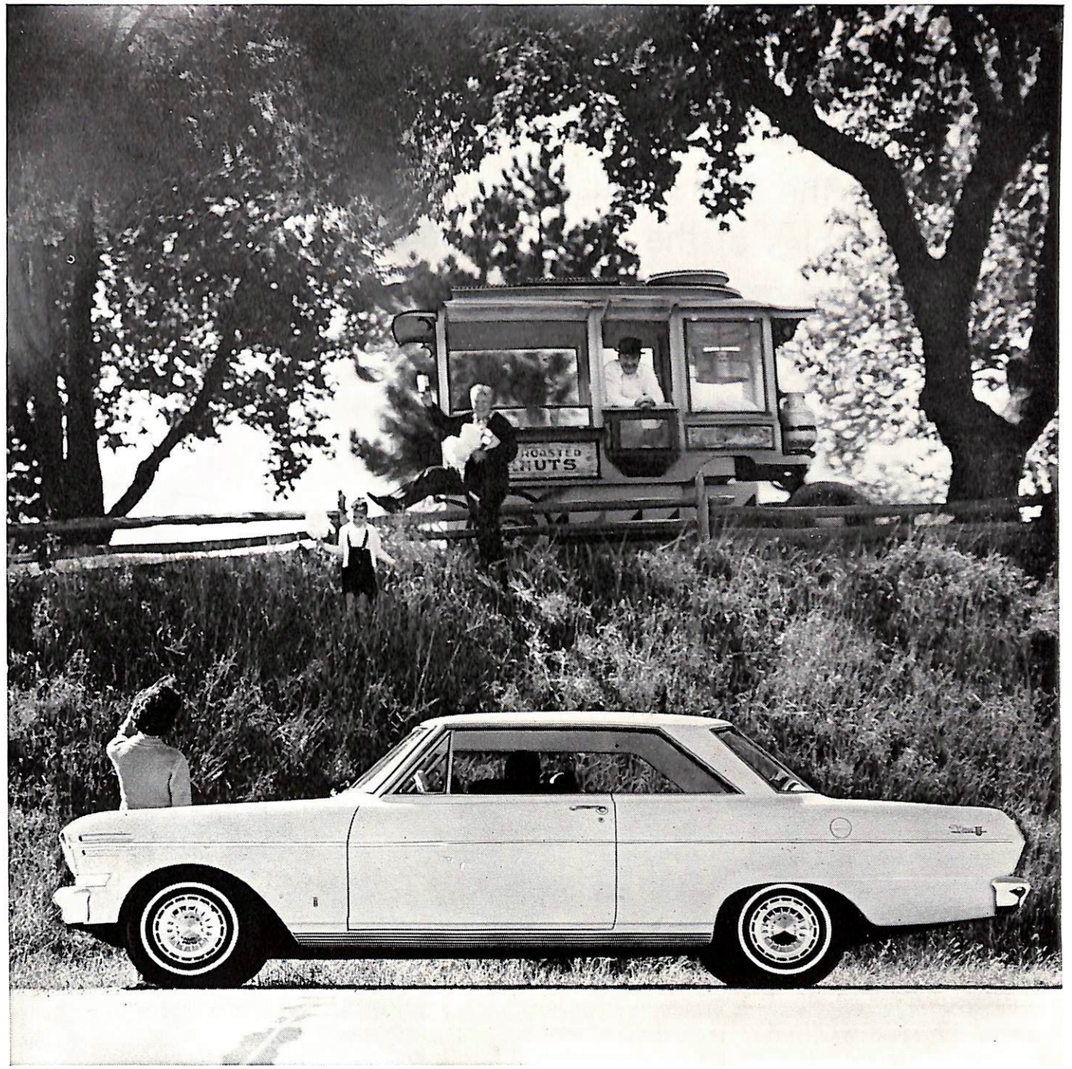
With the opening of the St. Lawrence Seaway, Toronto took on the status of a deep sea port, harboring the ocean going freighters of many nations on their long journey from the Atlantic to the marine heart of the Continent on Lake Superior.

And the change has brought, life, color and economic wealth to the Toronto Waterfront and the Toronto docks supervised and controlled by the Toronto Harbour Commission.

All this, makes a visit to the docks, so easily accessible to downtown Toronto, a worthwhile excursion to all those who respond to the age old fascination of foreign flags and deep sea ships of exotic registry, laden with their cargoes from far off ports.

For here is a significant index of world trade and a significant indication of Toronto's growing importance as an overseas port handling a seven figure total tonnage of top value cargoes, servicing and serving the market of the world.

More than twelve miles of dockside together with efficiently planned marine terminals provide protection and ample facilities for cargo storage and handling. Motor cars and machinery, packaged goods and luxuries, everything from a sardine to a whale and everything in between, the smooth and efficient handling of every type of craft from luxury yacht to smoke-stained freighter, all this comes within the jurisdiction of the Toronto Harbour Commission at Toronto's Gateway to the World.



Nova 400 Sport Coupe—handsome hardtop with Body by Fisher.

Luxury and low price...beautifully blended

This is just one of 11 frisky, family-sized Chevy II models that have many a bigger car wondering how it's done. You may, too . . . when you see how much perky performance, pert good looks and relaxing roominess you get in one of America's lowest priced cars!

Like a car that fits big families and small parking places? A sassy, saving six with V8 scat? One-piece rear springs for a softer, quieter ride? Money-saving maintenance features like front-end components (including fenders) that bolt on for easy replacement? You'll find them all and then some in Chevy II—the same ingenious things that won *Car Life* magazine's coveted Engineering Excellence Award. The same day-in, day-out dependability that means any car is a sounder buy if Chevrolet builds it. See for yourself at your dealer's now! . . . "FROM SEA TO SEA"

The Canadian Provinces, Coast to Coast

To the average Canadian, the mention by name of any one of the ten Provinces, conjures up an image based on all he has absorbed of Canadian history, geography and legend. But with the visitor from the United States and across the seas, it is not always easy to appreciate the scope and the magnitude encompassed in a family of separate provinces, or the infinite variety glimpsed in a transcontinental journey through three time zones from Newfoundland in the East to British Columbia with its feet in the Pacific Ocean. To the settler and to the visitor, each one of the Provinces has its own particular appeal. Between them all is the common link of national pride in a country which with its great neighbour, blends many cultures and traditions of the Old World and the New. Following, are brief highlights of the various Provinces and their place in the Canadian scene.

NEWFOUNDLAND

Canada's newest and oldest Province, this tenth largest island in the world has a long history dating back to 1497 when it was discovered by maritime adventurer and explorer John Cabot. It is extremely probable that long before this date it was a landfall for the longships of the Viking explorers seeking the treasures of distant lands. Be this as it may, Newfoundland today has much to offer in scenic beauty and grandeur. St. Johns the Capital, is the oldest city in North America, for many years a winter port of great Atlantic liners and host to the fishing fleets of many nations who voyage to the Grand Banks for the Cod which is a stable export of the island. Yes history comes alive in Newfoundland where in the folklore, speech and customs of the fishermen and loggers can be traced many revealing glimpses of European ancestry and Shakespeare's England. Here is a Paradise for sportsmen with its trout and salmon streams, its tuna and deep sea fishing, its moose and caribou. With its forest wealth, mainstay of the rich lumbering industry, its quaint fishing villages, its towns and all the rich variety of its rugged coastline, Newfoundland repays the visitor with an adventure in living.

PRINCE EDWARD ISLAND

Popularly known as the "Garden of the Gulf of St. Lawrence", this is Canada's smallest Province. History names it as the birthplace of Canadian Confederation and the Conference Chamber where history was made, remains as a featured attraction to tourists from every part of the Continent who visit the Provincial Building in Charlottetown, capital of the Province. Prince Edward Island is famed for its rich red soil, its dairy and farm products and above all for its wide sandy beaches and seaside resorts which remain the favoured choice of holidaymakers from near and far.

NOVA SCOTIA

Here is the land of the Acadians with historic Port Royal, the Habitation and all that remains of the ancient Fortress of Louisbourg. Nova Scotia, with its blend of Loyalist and Gaelic history and tradition, its close ties with the Navy and the Commonwealth and its great port of Halifax so well remembered by the fighting men of two world wars. There is much of beauty and old world charm in Canada's coastal Province, in picturesque Lunenburg and in the south shore towns which cater to the yachtsman and the deep sea fisherman, the fun seeker and the motorist who is challenged by the spectacular vistas of fine highways, by the beauty of Cape Breton and the genuine thrills of the famed Cabot Trail. Historically, romantically, Nova Scotia is well worth a visit if only for the ocean that laps its shores.

NEW BRUNSWICK

Aptly nicknamed "the Picture Province", New Brunswick offers fascinating contrasts in mountain and coastal scenery together with many natural wonders such as the famous "reversing falls" at St. John and the fabled "Magnetic Hill". Here on the Bay of Fundy is one of the highest ocean tides in the world with a rise and fall of over 40 feet. In the drive down the St. John River Valley, New Brunswick presents some of the most spectacular scenery to be found anywhere in the Dominion and with its sister Province of Nova Scotia, all the magic of sea-swept beaches, game-rich forests, streams and rivers, historic landmarks, friendly towns and people. Offered in New Brunswick is all the distinctive charm of the Maritimes epitomised in the gracious Provincial Capital of Fredericton.

QUEBEC

Heartland of French speaking Canada, Quebec is also the cradle of its pioneer history recalling the stirring exploits of the early voyageurs who over four hundred years ago, claimed this soil for France. To the tourist, Quebec is a romantic link with the past and the colorful traditions of the Old World. Here is all the contrast between the purely pastoral culture of the Habitant with his farming and his handicrafts of woodcarving and weaving and the cosmopolitan

citizen of Montreal, second largest French speaking city in the world. Here too is Quebec city, with its historic Shrines, and ancient dwellings, its Plains of Abraham and famed Wolfe's Cove where the battle that was to determine the destiny of a nation was fought and won. But Quebec is more than unique walled cities, towns and colorful villages, Quebec is a land of broad highways of lakes and rivers, of fabulous mountain resorts unsurpassed for natural beauty. All these emphasize but do not explain the intangible charm of this great Canadian Province which presents an adventure in travel.

ONTARIO

In area more than half again as large as Texas, the Province of Ontario, fronts on four of the five Great Lakes and includes Canada's national Capital within its borders. Within a hundred mile radius of the Provincial Capital of Toronto is the richest trading area in Canada and thriving industrial towns swell the wealth of a Province famed for its mines and mineral resources. In the Ontario northland including the popular vacation centres of Muskoka and the Haliburton Highlands are over a quarter of a million named lakes served by 80,000 miles of good highways and offering everything to delight the heart of the vacationer and sport lover. Here is hospitality at its best offered with superb hunting and fishing.

Bigwin Inn, located on the beautiful Lake of Bays and close to the pretty little resort town of Dorset is well known to visitors from the United States and all over Ontario.

This impressive hostelry, ranks with the finest vacation hotels in Canada. Famed for its luxurious accommodation and its gourmet cuisine, Bigwin tempts the guest with all the delights of boating, swimming and fishing, plus the challenge of a sporty golf course, picnics, tennis and horseback riding in fun-filled days and nights, all in the jewelled setting of pine clad hills and silver lakes.

Ontario is also the home of the famed Stratford Shakespearean Festival as well as the world's largest annual fair, the Canadian National Exhibition, at Toronto. Favoured choice of many U.S. visitors, this busy and friendy Province caters to every taste with something for everyone.

MANITOBA

Here in the geographical heart of the Continent, the Province of Manitoba presents a study in striking contrasts from the golden farmlands on the south to the rugged frontier of the Arctic Circle. In the famous Riding Mountain National Park and Whiteshell area, are unlimited facilities for "the holiday of a lifetime." The Provincial Capital Winnipeg, with its impressive Portage Avenue, its fine buildings and restaurants, bears little resemblance to old Fort Garry with the wagon trains of the colonists and pioneers who saw here, the golden harvest for their hopes. Today, Winnipeg presents all the varied attractions of a fine modern city while Lake Winnipeg and Lake Manitoba within easy reach, tempt the fisherman and boating enthusiast.

SASKATCHEWAN

Canada's Prairie Province, fabulous Breadbasket of a Nation, has all the attraction of wide skies and vast distance together with the inviting lakes of the Qu'Appelle Valley, the Cypress Hills, Prince Albert National Park and the beautiful Lac La Ronge area, especially noted for its lake trout. Here is the imposing city of Regina with its landscaped parks and gardens, its fine hotels and stores offering a gracious western welcome to the traveller. From every point of view the Province of Saskatchewan with its endless variety of things to see and do, is "a must" with the traveller who seeks to know Canada.

ALBERTA

Here is a Province famed for the spectacular beauty of the Canadian Rockies and the superb mountain playgrounds of Banff, Jasper and Waterton Lakes National Parks. These offer all the delights of Camping and Trail riding with crystal streams to tempt the trout fisherman and majestic peaks to challenge the climber, the photographer and the artist. This picturesque slice of Canada so typically western in spirit and outlook includes the imposing Capital of Edmonton and the modern city of Calgary internationally famed for the spectacular Calgary Stampede. Nature is seen at its best in Alberta with its grand scenery and infinite variety and no Province more amply fulfills the promise of a memorable vacation. To Alberta come visitors from all over the world and to all of them, Alberta has something significant to express.

BRITISH COLUMBIA

Canada's gateway to the Pacific, has a charm partly explained by its mild Pacific climate but more perhaps by the sheer grandeur of its scenic beauty. Vast in extent British Columbia appeals to the imagination with all the dramatic contrast of bustling cities, mountains and sea-swept beaches. Nowhere is this more sharply evident than in the marked differences between the great Port city of Vancouver and the Provincial Capital of Victoria. In Vancouver, with its modern office buildings its colourful Chinese quarter and its impressive shopping section and busy dockland, there is all the fascination of a thoroughly cosmopolitan city while in Victoria there is all the leisurely charm of an English seaside town with roses blooming in profusion and flower baskets adorning the lamp standards on the main thoroughfares. Deep in the interior of the Province are the snow-capped mountains and the lush wilderness with its lakes, forests and streams presenting a paradise for the Sportsman. In British Columbia, Canada is seen in full scale and perspective in this parade of Provinces from sea to sea.

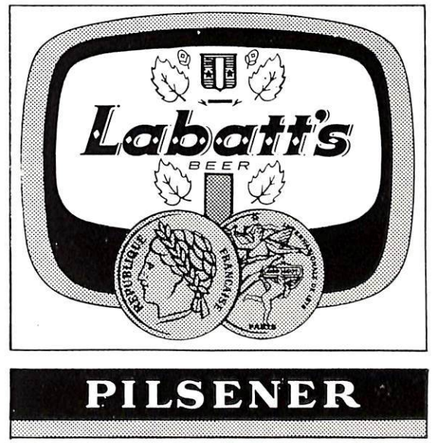
Mr. Pilsener is a fringe benefit

There are, no doubt, many good reasons why Toronto was chosen to host this 88th Convention. We applaud them all!

Far be it from us to suggest that a ready supply of Labatt's Pilsener lager beer was one of them. (But it's not a bad idea at that.)

If you enjoy a glass of beer after a busy day . . . have a real Canadian beer . . . have a Pilsener. Join the thousands of Canadians who have made Labatt's Pilsener their First Choice Beer for refreshing relaxation.

and come back soon.



LABATT'S PILSENER - Real Good Drinking Beer

WELCOME SHRINERS TO CANADA!

May we bring to your attention some of the outstanding events of interest in Canada during July.

Yukon: Dawson City Gold Rush Festival—the fabulous days in the Klondike come to life again. **British Columbia:** Vancouver International Festival of the Arts. **Alberta:** Banff Indian Days and Summer Festival. Calgary Stampede, "The greatest outdoor show on earth." **Saskatchewan:** Saskatoon Industrial Exhibition features Royal Canadian Mounted Police performing their "Musical Ride." **Manitoba:** Brandon, Manitoba Provincial Exhibition where the "Musical Ride" will also be performed. **Ontario:** Stratford Shakespearean Festival featuring three plays of Shakespeare, also includes "Cyrano de Bergerac" and Gilbert and Sullivan's "The Gondoliers." Morrisburg, Upper Canada Village, an authentic re-creation of the past and Ontario's living tribute to its pioneers. Ottawa, "The Changing of the Guard," a daily military ceremony on Parliament Hill that illustrates Canada's Royal traditions. **Quebec:** Montreal Festival of the Arts, featuring drama, music, films and ballet. **New Brunswick:** Caraquet or Shippegan, "The Blessing of the Fleet." **Nova Scotia:** Antigonish Highland Games, massed pipe bands and highland dancing. **Prince Edward Island:** Summerside Lobster Carnival. **Newfoundland:** Harbour Grace Regatta.

Have a wonderful time; come back soon!

Welcome to Canada, Shriners!

...take your camera wherever you go and save all your fun on dependable Kodak film!

Canada is a great country for pictures! There is color, beauty and so many fascinating places to see that you'll want to keep your camera handy while at the 88th Annual Convention in Toronto.

You'll find all Kodak films available in Canada, including the new, faster, Kodachrome II film; plus a complete range of Kodak equipment. Happy visit and happy picture-taking with dependable Kodak film.

Here are three places you'll want to capture on film while in Canada:

Picturesque Casa Loma in Toronto

A ferry ride across Toronto Bay — and you're enjoying the beautiful new parkland of Centre Island.

Breathtaking Niagara Falls and the thrill of exploration.

Kodak TRADEMARK

Wiser's whiskies are older

in virtually every price class!

Older to Wiser's means aged in *wood*, not merely the date stamp on the bottle. It means "married in wood" which is a process of returning the spirits to wood *after* final blending—for a further period of quiet aging. It means "lighter," smoother flavour acquired *naturally*—through patient aging. For the best whiskies, the best value—drink one that's **older and Wiser's**

EXAMPLE
Check 10 year old Wiser's De Luxe against any other whisky in its price class!

The best values in whiskies today: Wiser's De Luxe, 10 years old, Wiser's 101, 6 years old, Wiser's Old Rye, 5 years old, Wiser's Special Blend, 4 years old.

Memo to visiting American Shriners

Wiser's de Luxe, aged 10 years in wood, is as old, or older, than many whiskies that sell at premium prices.

So far available only in Canada, it is an ideal sample of fine Canadian whisky for those who are guests from other countries. May we suggest you take a bottle or two home with you.

Quality

AT GENERAL MOTORS quality is a serious business and we work at it all the time. It is the extra value you get with every General Motors product. We want it that way and it is our prime objective to keep it that way.

When day after day your General Motors car or truck serves you smoothly and dependably, you realize you can take General Motors quality for granted. That's the big test that you, the user, provide... the test we must always pass.

You can take General Motors quality for granted because *we* don't...

METROPOLITAN TORONTO

A Triumph of Municipal Planning

A federation of thirteen separate municipalities, Metropolitan Toronto covers an area of some 240 square miles providing living space for a population of more than one and a half million people. This is not hard to believe during rush hours on "Canada's First Subway" running north and south from Front Street to Eglinton Avenue. This smooth and efficient rapid transit system bisects the main East and West arteries but falls far short of reaching the city limits in any direction which are serviced by extensive bus routes.

As the Capital of the Province, "Metro" accounts for about nine percent of Canada's population and has been described as the fastest growing city in the world. Based on the current growth rate it has been estimated that by 1980 population figures for Toronto and the Metro fringe areas will reach a total of 2,800,000 persons. Accepted as the financial and commercial centre of Canada, with the opening of the St. Lawrence Seaway, Metropolitan Toronto, fortunately situated at the hub of Canada's richest trading area, takes on added importance as a deep sea port. All this marks a significant milestone in the more than a century of progress from "Muddy York", when in 1793 one, Alexander Aitken, planned a townsite two miles east of the military camp at Fort York, headquarters of Governor Simcoe, historically remembered as the founder of Toronto.

Today, the skyline of Metropolitan Toronto is dominated by the towering skyscrapers of the downtown business district while modern expressways speed the flow of traffic through the city and suburban districts. As an example of municipal planning, the Toronto area was the first community in the western hemisphere to give official political recognition to the fact that modern industrial society has created a new concept of human settlement recognized as the Metropolitan area, designed to solve the many problems produced by diversified industry and unequal taxation and to achieve the obvious economic, social and political advantages realized by co-ordinated growth.

Continued on page 44

now it's Pepsi-for those who think young

Today we get more out of life because we put more in—more activity, more lively, modern ideas. This is the life for Pepsi—light, bracing, clean-tasting Pepsi. In stores, at fountains, think young. Say "Pepsi, please!"

To the visitor, Metropolitan Toronto presents a study of contrasts between the old and the new together with a fascinating glimpse of many varied cultures. Viewed from the top of any of its tall buildings it is seen as a city set among trees with many fine parks preserving a greenbelt for rest and recreation. Downtown it is a city that never sleeps, with its smart hotels, thriving theatres, exotic restaurants and busy nightspots, catering to every taste with the very best in cosmopolitan entertainment.

Today, with a taxable assessment approaching three and three quarter billion dollars, "Metro" has something for everyone including colourful foreign markets, fine homes, an authentic castle and a thriving Chinatown. Conducted tours run by the Toronto Transportation Commission normally include such featured highlights as the Canadian National Exhibition, largest permanent exhibition in the world, Toronto University and Campus, the Toronto Art Gallery and the Royal Ontario Museum housing one of the finest Chinese collections in the world, together with many fascinating exhibits of tribal Indian history. Also worth noting are the contributions of the Conservation Authority including Old Fort York and the Pioneer Village which can be viewed for a small admission charge.

This is Metropolitan Toronto governed by a Metropolitan Chairman and Council with the Mayor of Toronto and his Council. This is Toronto, city of homes proud of its traditions, its sturdy independence, its bustling commerce and industries, its storied past and its promising future. This is Toronto with its mammoth stores and supermarkets, its expanding sub-divisions, its beautiful gardens, its ranking hospitals and medical colleges, its friendly and efficient police force and its equally friendly people. Metropolitan Toronto, blending the old and the new — your host city in this 1962 Shriner Convention.

WORTH NOTING AROUND "METRO"

Like every city, Metropolitan Toronto is a composite of past and present, with the story of its growth and development expressed in the familiar landmarks which attract thousands of sightseers every year.

These range all the way from an authentic Castle and "Pioneer Village" to the modern expressways and new Woodbine Race Track, scene of the "Queens Plate", the historic race meet which ranks with the Kentucky Derby as a "turf classic" renowned across Canada. Readily accessible by car or public transportation, these Metro "highlights" play an important role in shaping the character of the city and are all well worth a visit. For convenience, they are briefly summarized below.

CASA LOMA

Located just south of St. Clair Avenue in the northwest section of the city, this imposing castle is a monument to the imagination and ambition of the late Sir Henry Pellat, Toronto financier and magnate, who during the First World War, raised and equipped a regiment at his own expense and was knighted for his services to King and country. This truly baronial residence, with its turrets and battlements, has all the character and appeal of a genuine castle. Here was a millionaire's dream in a home fit for visiting royalty with its magnificent reception rooms and ballroom, its picture gallery, its fine furnishings, even its lordly stables. Today, it stands as a memento of a vanished era, finding new fulfillment as a mecca for tourists and a favoured dancing spot and maintained and operated by the Kiwanis Club of Toronto as a fund-raising project for worthy charities. The "castle" is open to the public with guided tours through the interior.

The Seven Seas Gift Shop

REFRESHING NEW FEELING!

WOODBINE . . . Racing's Giant of the North

Woodbine, which will play host to visiting Shriners during the Toronto convention, is the showcase of thoroughbred horse racing in Canada. This magnificent course, on the northwestern outskirts of the city, was constructed at a cost of more than $15,000,000 and had its inaugural meeting in June, 1956.

Woodbine is the home of North America's oldest annual sporting event: The Queen's Plate. This historic race has been run each year, without interruption, since 1860. The race originally was endowed by Queen Victoria with her personal prize of Fifty Guineas. The race now has an annual value of more than $75,000 but, maintaining a royal tradition, Her Majesty, Queen Elizabeth, still sends her personal gift of Fifty Guineas to the owner of the winning horse.

Thoroughbred racing is conducted in Ontario by The Jockey Club, Limited, which operates three major tracks: Woodbine, Fort Erie and Old Woodbine. The Jockey Club stages 196 days of thoroughbred racing each season: 78 days at Woodbine, 64 days at Fort Erie and 54 days at Old Woodbine.

The Jockey Club also operates harness racing meetings, under floodlights, at Old Woodbine, which is situated on the shore of Lake Ontario, only a few miles from the Royal York Hotel. Old Woodbine is Canada's most historic course and racing has been conducted on that same site for more than 90 years. However, the track has been refurnished completely, in several areas, and a new $5,000,000 Grandstand and Club House was opened last season. Old Woodbine has individual seats for more than 16,000 spectators.

Visiting Shriners will have guest privileges in the Club House at Old Woodbine during the Toronto convention.

Woodbine, where the special thoroughbred racing program for visiting Shriners will be staged on the afternoon of Thursday, July 5, was built on a huge 800-acre tract of land. It has four race courses within its spacious grounds. There is a one-mile main track and a grass course which covers one mile and three-quarters. Additionally, there is a one-mile training track and another one-mile grass "gallop."

Woodbine's parking lots ultimately will handle more than 40,000 cars. Developed lots, which presently are in use, will accommodate 25,000 cars.

The general public seldom has an opportunity to observe life on the "backstretch" at a race track, but Woodbine's stable area has become a model for all new North America courses. More than 1,200 horses can be stabled in the 12 concrete-block barns. Each barn is equipped with double-bunked bedrooms, showers and washrooms for the grooms. Sleeping accommodation is provided for more than 600 men.

Visiting Shriners will be admitted, without charge, to the Club House enclosures of both Toronto tracks during the course of the convention. Convention registration cards must be shown at the Club House gate.

Post-time for the first thoroughbred race at Woodbine each afternoon is Two O'clock. Post-time for the first harness race at Old Woodbine each evening is 7.30.

An advertisement in this program describes the proper method of obtaining free bus transportation to Woodbine for the special thoroughbred racing program on Thursday, July 5.

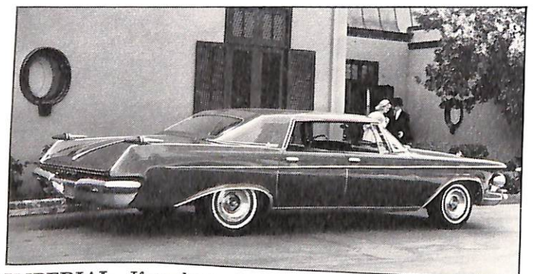
CANADA DRY

6 beautiful ways to get a lot more action on a lot less gas

VALIANT—Action? Valiant's Slant Six Engine gives you the economy of a compact and the passing power of a full-size car. Further proof that nobody beats Valiant for value.

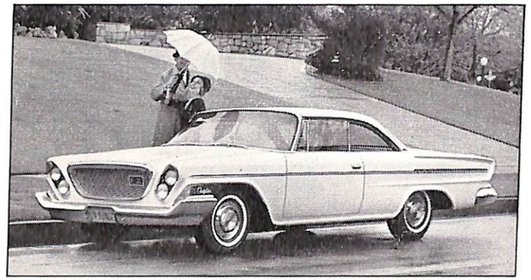
LANCER—Lancer cruises comfortably at turnpike speeds, but it uses gas sparingly, as a compact should. Exclusive Torsion-Aire Ride irons out bumps for a "big car" ride.



IMPERIAL—If you have a taste for fine things and an income to match, Imperial is for you. This is the most luxurious car we make—it is truly America's most carefully built car.

PLYMOUTH—This full-size wagon is full of surprises for 1962. Acceleration is up as much as 10%, gas mileage as much as 7%. That's why you get *a lot more action on a lot less gas.*

DODGE—Dodge Dart is now priced with Ford and Chevrolet, and it's hard to find more car for your dollar. Every pound is *live weight*—it's easier to park, easier to whip through traffic.



CHRYSLER—It's the big, fast, powerful car that makes it easy to move up to the luxury class. The Newport gives you Chrysler-size performance on regular gasoline.

Here are the facts behind the action cars

Chrysler Corporation engineers have achieved a rare thing in these 1962 cars—they have increased performance and economy at the same time. Acceleration is up as much as 10%, gas mileage as much as 7%.

And only Chrysler Corporation cars offer you all these advancements right now: Torsion-Aire Ride • Unibody Construction • Alternator • Seven-Soak Rustproofing.

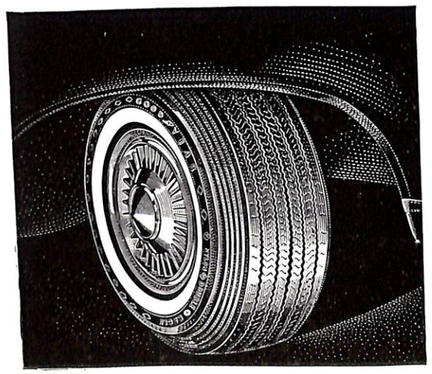
GOODYEAR

New Captive-Air Double Eagle with its "inner spare" ends blowout worries, eliminates flats



This is the only tire that gives you a second chance. Because inside this finest Goodyear tire, the Double Eagle, is a nylon-and-steel cord "inner spare"—meaning no more fear of blowouts, no more fear of flats.

If the outer tire is ever damaged, the Captive-Air Safety Shield takes over to carry the load...for up to 100 miles if necessary.

The tire itself is completely new. From giant 3-T triple-tempered nylon cords to trim new styling and softer ride, it's the finest tire man can make and money can buy.

New prices, too. Now the cost of Captive-Air Double Eagles is no more than other premium tires—but you get so much more protection.

Turn your back on blowouts and flats. See your Goodyear Dealer or Goodyear Service Store *now.*

GOODYEAR

MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND!

27,676,401 PASSENGERS

By the end of 1961, passengers carried by TCA totalled 27,676,401 or about 1½ times the present population of Canada. From a modest start on September 1, 1937 when the first TCA flight took 10 passengers from Vancouver to Seattle, it presents a remarkable story of growth. Today, frequent daily flights by giant DC-8 jets, turboprop Vanguards and Viscounts provide fast, convenient, comfortable air travel for an average 10,004 passengers per day. With continuing improvement in equipment over the years, TCA now has one of the world's finest air fleets, helping to maintain Canada's position as one of the leading nations of the modern air age.

I go out to enjoy the things I like. And, always, there comes that need to refresh. Suddenly I've got Gilbey's on my mind.
Why Gilbey's? Because it's the best. Look at the facts.
Gilbey's have distilled the most popular gin since 1872.
Today it is distilled in no less than eighteen countries, and is known throughout the world as The International Gin.
You won't find better, purer gin anywhere, at any price.

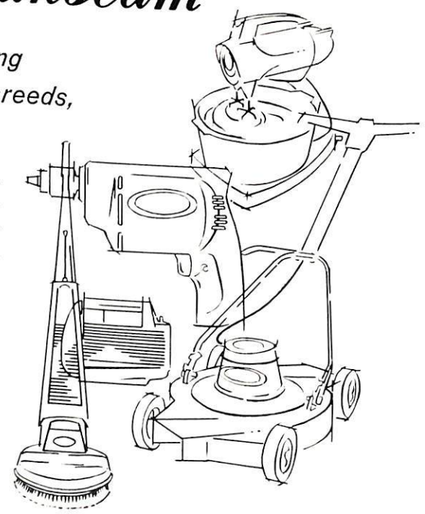
أفضل المعدات المنزلية الكهربائية الموجودة * Sunbeam

Our sincere congratulations, Shriners, for giving crippled children of all races, colors and creeds, love and hope for the future.



Sunbeam products save precious hours and make living more enjoyable. And today, because Sunbeam makes so many marvellous products, and because one product recommends another, you'll see at least one Sunbeam appliance in almost every home. Like good friends, Sunbeam appliances wear well — famous Sunbeam household appliances, shavers, floor care products, power mowers and electric tools are engineered to last a lifetime.

At Sunbeam we're proud of our progressive ideas too. We introduced the electric mixer, the electric frypan and many other "firsts". However, we refuse to rest on our laurels. We're constantly seeking new ways to make our fine products even better. Let Sunbeam add that special note of gracious living to your home.

WHY THE SHIFT IS TO AVIS...

To one man it could be that he never has to wait around for a car. To another it's that he can drive new 1962 Deluxe Pontiac Laurentians at no additional cost. To a third it's simply being sure of having a car (Avis' exclusive "minute-saver" service guarantees it!) Then again it may be the little extra care and courtesy that is always extended. Usually it's all these things and many more. For example, many men just like to be associated with an alert and progressive rent-a-car organization that has such an acute and professional awareness of their ever-changing travelling needs. It must be *something* because Avis is fast becoming the most used rent-a-car service in Canada. Shouldn't you find your own reason for using Avis? On your next trip, try Avis—for an extra measure of service all 'round!

Avis rents all new cars, features Deluxe Pontiac Laurentians • The Avis Rent-a-Car System of Canada

THE TORONTO ART GALLERY

Housing a permanent collection which includes many masterpieces of European and Canadian art, the Toronto Art Gallery also presents outstanding examples of sculpture, together with special showings of classical and contemporary painters. Here can be seen examples of the Canadian school of painting pioneered by the famous "Group of Seven." The Art Gallery also sponsors lectures and concerts and is the moving spirit in the development of community art centres throughout the city and its suburbs.

ROYAL ONTARIO MUSEUM

This is located at Queen's Park just south of Bloor Street West and Avenue Road. Featured here, are many fine exhibits of North American Indian life, together with Egyptian relics and one of the finest Chinese Collections on the continent. Fascinating natural history exhibits, present a revealing picture of a land which abounds as a vast storehouse of mineral wealth with all the rich variety of the plant and animal kingdom.

PIONEER VILLAGE

Opened, just over a year ago this authentic replica of a "pioneer village" in Upper Canada, is maintained by the York Historical Society and the Conservation Authority as a living page from the past. Here, can be seen actual settlers homes built long before the turn of the century, with a typical General Store, a blacksmith's smithy, a grist mill, together with such typical examples of early Canadiana as hand forged implements, home-made candles and woodcarving.

THE OLD MILL

Close to the banks of the Humber River and the westerly limits of the city, the "Old Mill" is a popular rendezvous for dining and dancing and features an interesting collection of game and fish, native to the Province. This authentic Grist Mill with its cobbled floors and beamed ceilings is well worth seeing and is rich in the atmosphere of its storied past.

C.N.E. AND OLD FORT YORK

The Canadian National Exhibition is an annual event drawing visitors from all over the continent. To Torontonians, "Exhibition time" signals the end of summer with all the colour, fun and excitement of the world's largest permanent exhibition. A trip through the grounds gives some ideas of its scope and magnitude, with the many fine buildings some in year round use for various events including the Sportsman's Show, the Automotive Show and the Royal Winter Fair.

Here too can be seen Old Fort York relic of Colonial days when it was established as an important link in the defence of Upper Canada.

THE TORONTO ISLANDS

A short ferry trip takes the visitor across Toronto Bay to Centre Island, which with "Wards" and "Hanlan's Point" gives Toronto an inviting picnic spot and playground fronting on the lake. Shady lagoons on the "island" are just right for the canoe, while at the Queen City, the National and the Royal Canadian Yacht Clubs, the boating enthusiast finds ample scope for his hobby.

HIGH PARK

Situated at the west end of the city, this is one of Toronto's largest and finest parks. For the gardening enthusiast, this is a trip worth making for the magnificent display presented in the formal gardens together with the added attraction of a miniature zoo. Here too, is Grenadier Pond with its tragic legend in military history, said to be bottomless and to shelter fish of mammoth proportions. Band concerts and a fine restaurant cater to the pleasure of the visitor in this attractive beauty spot.

EDWARD'S GARDENS

Edwards' Gardens in the north end of the city and James' Gardens in the south west, provide two outstanding examples of man-made beauty. In both, a wonderful display of plants, shrubs and flowers, present a fragrant welcome to the nature lover and offer an impressive tribute to the gardener's art. Both of these gardens were donated to the city and both are treasured acquisitions to a city's pride. To the camera enthusiast a visit to these beautiful gardens is a "must".

SCARBOROUGH BLUFFS

To geologists the world over, Scarborough Bluffs are a fascinating study in the evolution of a continent through the Ice Age and prehistoric time. For here is a fossillized record of progress and the earth's structure. Situated just east of the city these "White Cliffs" of Toronto offer a grandstand promenade along the wide expanse of the lake with its busy traffic of the St. Lawrence Seaway.

quality products for recreation, education and defense

BOWLING: For over seventy years, Brunswick has been the number one name in bowling. *BILLIARDS:* Modern new equipment, just introduced by Brunswick, is starting a new boom in billiards. *BOATS:* Brunswick produces a complete line of Fiberglass pleasure boats under the names Owens and Cutter. *SCHOOL FURNITURE:* In classrooms and gymnasiums across the country Brunswick has kept up with teaching methods. *GOLF:* If you are a golf enthusiast perhaps your clubs are stamped "MacGregor', another Brunswick product. *DEFENSE:* NATO forces are being supplied with Canadian built CF-104 Starfighter aircraft equipped with Fiberglass nose cones by Brunswick.

BRUNSWICK OF CANADA LIMITED Cooksville, Ontario
Branches: Vancouver, Calgary, Winnipeg, Toronto, Montreal, Quebec City

CANADA'S FIRST SUBWAY

Toronto is justly proud of its modern expressways circling the city, and "Canada's first subway". Originally constructed at a cost of some $50,000,000 with a route extending 4.6 miles north and south from the Union Station to Eglinton Avenue, it is now in its second phase of expansion with additional links planned for East and West traffic. In this metropolitan city of over a million people, this rapid transit system solves the problem of congestion in an ever-increasing volume of pedestrian and wheeled traffic.

THE ROYAL YORK HOTEL

"Truly Canadian in concept and character"

The largest hotel in the Commonwealth has been named as Toronto Headquarters for the Shriners' Convention of 1962. And with its unique facilities for accommodation, service and recreation, the "Royal York", from its opening over a quarter of a century ago, "host to the famous from all over the world," is the logical choice for such an important event. For this acknowledged leader in Canadian convention hotels, boasts more than size in the welcome it offers to its guests. In tradition, atmosphere, and expression it is a fitting symbol for the great transportation system which spans a continent and played such a large part in the pioneer development of the Canadian West. Here, with all the refinements of the twentieth century, the noble art of hospitality is expressed with all the skill of Master Chefs and a staff expertly trained in the fine details of courteous personalized service. Now, with the new 400 room, air-conditioned addition, providing a total of 1600 rooms, the Royal York, provides luxurious accommodation for some 2400 guests, with every facility for truly gracious living. One of the few hotels in the world capable of feeding 10,000 persons in one day, this "world under one roof" caters to every need, with shops, restaurants, drug stores and beauty parlours, banquet halls and barber shops, ballrooms and concert halls, spacious public lounges and convention rooms and attractive cocktail lounges.

Pride of the hotel, are the magnificent "Provincial Rooms", which together present a panorama of Canada from coast to coast. In these, famous artists and craftsmen, have symbolized the distinctive features of each Province, with murals and carvings in precious woods and metals portraying the natural resources and animal life, together with the industries, arts and historical legends of each region.

In the great chain of Canadian Pacific Hotels stretching across Canada, the Royal York, holds pride of place with the finest hotels in the world. With extensive garage facilities and an underground pedestrian tunnel connecting the main foyer of the Hotel, with the Union Station across the street, the Royal York welcomes the tourist and traveller with all the comfort of home, directly adjacent to the heart of the city and the downtown shopping centre. For the Shriner delegates to the 1962 Convention, this imposing hotel, famed for its superb cuisine and friendly atmosphere, will provide a memorable setting for happy hours of meeting and entertainment. They are not likely to soon forget, the unsurpassed convention facilities, or the sheer magnificence of the famed "Canadian Room," largest of its kind in Canada, with its 15,000 square feet of floor space designed to accommodate up to 2,200 people for meetings and 1,500 for banquets.

"TICKER TAPE" BAROMETER

The Toronto Stock Exchange

As the sensitive pulse of the Canadian economy and world trade, the Toronto Stock Exchange ranks first in Canada in both share volume and dollar value. Here trends are forecast, dreams harnessed and fortunes won or lost in the hectic activities of the trading floor, (about the size of a hockey rink) where every day, brokers and their representatives, buy and sell on behalf of the Canadian investor in the shares of more than 1,100 Canadian Companies.

Incorporated in 1878, the Toronto Stock Exchange dates back to 1852 and in its long history has mirrored the dramatic growth of Canada as an industrial nation. In 1934 it merged with the Standard Stock and Mining Exchange which specialized in mining issues providing pooled resources which have created one of the most modern and highly mechanized exchanges in the world.

With its 113 seats owned by more than 90 member brokerage firms, the Toronto Stock Exchange is exceeded only by the New York Stock Exchange and the American Stock Exchange in share volume in North America. New trading records were set in 1961, when the market value of all stocks listed on the Toronto Stock Exchange reached an end of the year total of $61,073,000,000, highest in its history. With every Exchange in the world, the Toronto Stock Exchange is an index of conditions packed with all the drama of human achievement and adventure. Here, new developments in technology, new inventions, new discoveries in natural wealth, are epitomized by new "issues" and the shares which are listed for the investors in the future of a country rich in opportunity.

Boom or recession, through good years and bad, the Toronto Stock Exchange, located in the industrial heart of a nation, presents the ever changing ticker tape story of a continent in the world of 1962.

JAMES MACKEY
Chief of Police of Metropolitan Toronto

As Chief of the Metropolitan Toronto Police, I wish to warmly welcome you to Toronto and to assure you that we are vitally interested in seeing that all those taking part in the Shrine Convention have an enjoyable visit.

During the Convention there will be a huge influx of people, and apart from Nobles, Delegates and their families, there will be those who move in to take part in the festivities of the occasion and those who are merely inquisitive. BUT there are others who follow such large gatherings across the continent for their own selfish purposes, making a living at the expense of others who are legitimate and unsuspecting.

In order that your visit is not marred by theft, loss of money, valuables or property, police personnel are being deployed both in uniform and plainclothes for your protection, but as a further safeguard I would ask that you read, study and abide by the following guides which are listed for your benefit:

1. Goods or valuables left in your automobile should be locked in the trunk.
2. When your vehicle is left unattended see that windows are closed, doors and ignition locked and the keys to your car in your pocket, or purse.
3. Do not leave luggage or parcels unattended in public places, such as Hotel Lobbies and Transportation Terminals.
4. Beware of the "friendly stranger", make sure that you know the people you associate with and invite to your room.
5. Do not carry large sums of money. Safety precautions such as Travellers' Cheques are available at the nearest Bank.
6. Night locks on your hotel and motel room doors are there for your protection, make use of them as well as the regular locks.
7. Valuables not required for immediate use should be kept in the hotel safe or strongbox which is there for your use and protection.
8. Should you have occasion to call the Police, the telephone number is EMpire 2-1711. EMERGENCY CALLS: EMpire 1-1111.

The Metropolitan Toronto Police will do its utmost to ensure the protection and enjoyment of all delegates during the Convention period, but our efforts will only prove successful if each of the precautions listed is faithfully observed by all concerned.

I know I can count on your individual co-operation in this matter, and trust your visit to Metropolitan Toronto will prove a most enjoyable one.

Sincerely,

JAMES P. MACKEY,
Chief of Police.

Complete your Canadian Convention with a stay at

BIGWIN INN

CANADA'S FINEST SUMMER RESORT

INCORPORATED 2ND MAY 1670

TORONTO HEADQUARTERS FOR HUDSON'S BAY POINT BLANKETS

There is no blanket in all the world quite like the Hudson's Bay Point Blanket. For one thing, it is woven today as it has been for a couple of centuries, in England, from 100 per cent virgin wool. For another, it is impossible to shrink and the nap is luxuriously deep and warm. A Hudson's Bay Point Blanket will last a lifetime, 50 years of service not being in the least unusual. For the history-minded, the Hudson's Bay Point Blanket is one of the few surviving links with the early fur trade when identical blankets were worth more in trading with the Indians than cash in hand. It has had the most distinguished and colorful career of any blanket ever made. Yet for all this, the Hudson's Bay Point Blanket is reasonably priced and a fine investment. Single size $22.50, double size $27.50.

"KOWEEKA" The Eskimo Doll
An unusual gift. Specially made for the Hudson's Bay Company. $8.95

U.S. CUSTOMS REGULATIONS: On return to the United States, tourists may in most cases take home liquor duty-free provided you have been in Canada at least 48 hours. For information concerning the exact amount that may be brought into the various States, call U.S. Customs.

A WORD OF APPRECIATION...

☆ To all the business firms and individuals who bought advertising space in our Program and Convention Guide. It must be said that without this support it would have been impossible for us to produce this outstanding book. In appreciation may we ask for support of these advertisers. The net income derived from such advertising will help defray the expenses involved in the holding of this important event.

☆ To all Rameses Nobles and Members of Committees who have worked so diligently and faithfully at their assignments for many months to handle the intricate details necessary in connection with the holding of an Imperial Council Session. Due to a lack of space we cannot name individually the Nobles and persons who have participated on such commmittees as housing, transportation, parades, customs and immigration, promotion, entertainment and special events, banquets, hospitality, etc., but a herculean task has been performed.

☆ To our guests with whom we wish to share the cordial hospitality of the people of this great Metropolis. We know that your stay with us will be enjoyable and that as you leave our shores and your friends sing that old Scottish Ballad "Will ye no come back again", that we will hear in answer, "Aye we will come back again". We thank you for the privilege of being your hosts during this 1962 Imperial Council Session.

ALFRED J. B. GRAY, P.P., *Director General*

JAS. BARTLETT, P.P., *Deputy Director General*
